

ORMP Planning to Implementation (and the bridge between)

Goals

Agencies

Metrics

Org structure

Decision rules

Roles and responsibilities

guidance for resolving conflicts

focus on measurable deliverables

problem solving perspective

interagency coordination

need to try to find consensus, but when that is impossible, to make decisions

focus on a policy framework

A governance agreement can provide this framework.

Today's Objectives

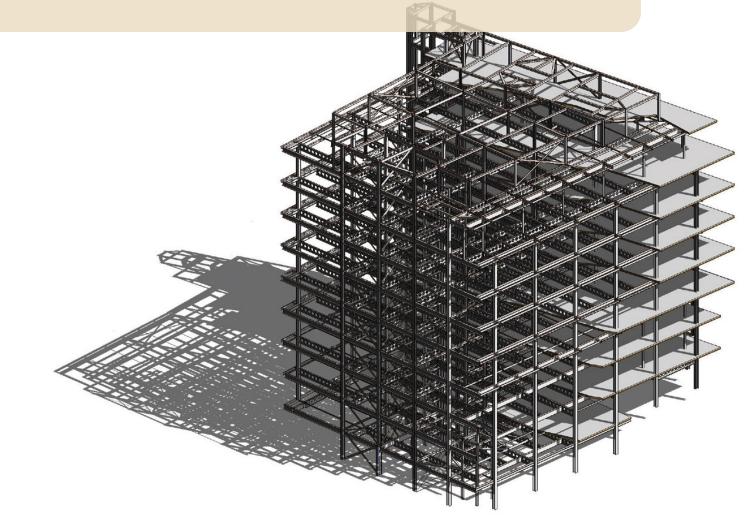

Intro to the framework concept

Process to build a framework

Outcomes

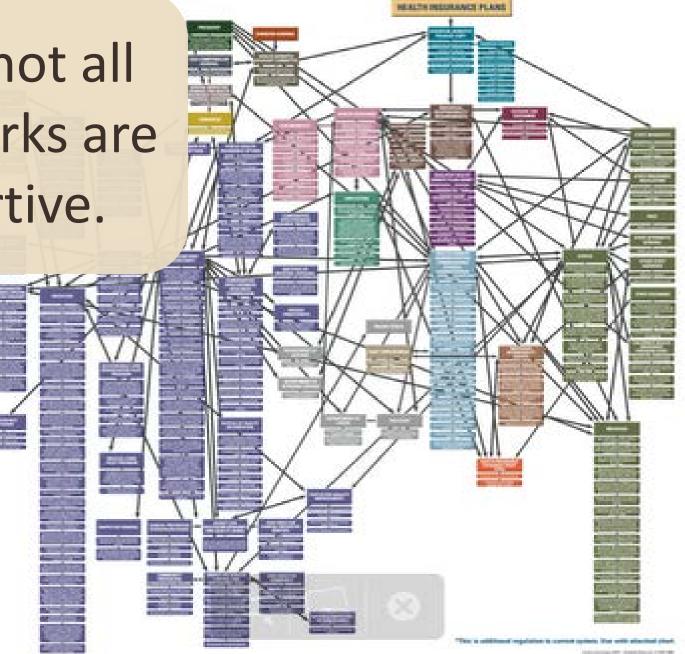

Intro to the framework concept

Frameworks are supporting structures.

Maybe not all frameworks are supportive.

Agreements can be frameworks.

Agreements can structure partnerships.

Governors' Pacific Regional Ocean Partnership

Establishment

Regional Ocean Partnership (PROP) is a voluntary par oright the Governors of the U.S. Pacific Islands Region. MISSION To assist the U.S. Pacific Islands Region Governors of American Samoa, the

Commonwealth of the Northern Mananas (CNMI), Guam, and Hawaii (Ihee) Pactic Islands Region or "statas" (Island) and ocean management that require a coordinated regional response and increased collaboration to address these issues. OBJECTIVES-

The objectives of the PROP shall be to:

Promote regional sustainability of res

Facilitate the imp in of the priority objectives of the Pre cutive Order 13547 of July 19, 2010, which esta

Coordinate and communicate regional priorities

Facilitate the exchange of information, including reports and plans which may be developed or cons

As defined in the Final recommendational Ocean Policy for July 19, 2010) and adopted in the National Ocean Policy for Institution (ArOP), Exec. Order No. 13547 (July 19, 2010)

Governors' South Atlantic Alliance Partnership Agreement

Establishment The South Atlantic Alliance (Alliance) is a voluntary partnership among the states of Alwith Camilina. Routh Carolina, Georgia and Florida.

Mission of the South Atlantic Alliance is to significantly increase regional collaboration among South Atlantic states, with Informal agency partners and tabler stakeholders, to sustain and enhance the environmental (costalization) and the respective, economic public safety, social, and national defense missio of the respective diseas and the bound Atlantic region.

Goals The goals of the Alliance shall be to provide

An organizational structure and forum for coordination and a clearinghouse for info orts individual state equirements; Regional alignm rent of decisions resulting in mutual mission

Cooperative planning and leveraging of resources to produce multiple state and regional benefits: on of the historical, cultural, and social heritage of each state

d the region ; earch, observation, monitoring, and mapping of the South leading to common and coordinated data and information Vitantic region Rearing to continue and control of the second sec

Izabian Jance structure is designed to premote maximum communication tation, action and results. The Alliance is designed to be state-led to the Alliance will complement, and take advantage of, other on al efforts. Most importantly, the Alliance will respect individual stat g requirements. The structure is composed of an Executive Group na Group, Technical Teams, and Supporting Partners.

Allance Executive Group Anywmors of North Carolina, South Carolina, Geo Iffolds on notest calculate a literation of the south Atlantic Alliance Group. The Governor diguidance to the Alliance Steering Group (see bei immetting plans of action. The Governors will use it ep Alliance activities connected with other state, or a considermentary manner.
